HOW WE WORK

1 Understand

We map your business problem, your users and how work flows today.

2 Agree the scope

Modules, exclusions, acceptance checks and review owners — confirmed in writing.

3 Build & review

You review real screens and we test every customer and staff journey.

4 Launch & hand over

Access, documentation, training, backups and support — agreed and handed over.

WHAT WE USE

Technology we trust

Front end

Next.js · React · TypeScript · Tailwind CSS · Framer Motion · Vite
